Subject: EXECUTIVE DINING ROOM

It is with regret that I advise of the decision to close the Executive Dining Room from the end of this month.

In many respects, implementation of this decision will bring an end to an era and will be received by many with considerable disappointment. It must be seen, however, in the light of our present economic circumstances, the costs of providing this service, and the practices that have been adopted by a number of other organisations.

In addition to the above comments, maintenance of separate dining facilities is becoming less supportable as progress is made in employee involvement and employee relations initiatives that are becoming widespread within the community.

Members of the Catering staff wish to express their thanks for the support members have provided over the years of operation.

  
E.A. ELLISON
