**ENGINEERING DEPARTMENT
BULLETIN**

Effective immediately Mr N E (Neil) Pogson assumes the responsibility of V Car Export Program Management. This role will be in addition to his current responsibilities with Badged and SUP products.

In the short term, Neil's task is to pull together the elements in the Small Six Program to ensure a viable outcome. Longer term Neil will be a key player in the planning and management of export programs that will complement our domestic products and add to capacity utilisation.

Your co-operation with Neil is appreciated.
