SUBJECT VEHICLE SAFETY AND PROVING GROUND OPERATIONS
RESPONSIBILITIES

The following changes within the Vehicle Safety and Proving Ground Operations Section have been made as a result of Mr. J.H. Lee and Mr. D.M. Birrell transferring to other activities ..

Mr. F.J. COLMAN is appointed Vehicle Safety Liaison Engineer, and is responsible for all matters relating to interpretation of Regulations for both the domestic market and export markets. He will also represent G.M.H. at Federal Chamber of Automotive Industries technical meetings, and co-ordinate response to 90 day comments.

Mr. P. POLLAK will replace Mr. K.J. Rolls, and will be responsible for co-ordination and correlation of submissions for compliance certification.

Mr. D.J. JOYCE, in addition to his responsibilities for the operation of the Proving Ground as a facility, will be responsible for all activities at the Vehicle Safety & Emissions Test Centre.

Mr. M. GOONAN will be responsible for all safety testing in this Section, and will report to Mr. Joyce.

Similarly, Mr. R.A. LITTLE will be responsible for emission testing, and will report to Mr. Joyce.

Your co-operation with these personnel in their new responsibilities will be appreciated.

C.A. Paterson,
Asst. Chief Engineer -
Vehicle Safety.
